Visas

A visa is required for non- European countries. (see exceptions) 2 types :

1/ The Schengen short-stay visa (*visa Schengen court séjour*) : country in the [Schengen area](#) for a maximum period of 90 days.

2 types :

- *single entrance* : only valid for one trip. Uninterrupted stay of 90 days max.

- *Multiple entrances* : several stays for a maximum of 90 days cumulated.

After the 90 days, you must leave the Schengen area.

Unlike a [long-stay visa](#), it does not authorise you to live in France.

-2/ The travel visa, or Schengen visa, authorises you to enter [the twenty-six member states of the Schengen area](#) as many times as you want. Validity : 1 year to 5 years. A cumulative total of less than 90 days within the Schengen area per six-month period.

With the travel visa, you may not work; nor may you obtain a residency permit. It is renewable, however.

4 steps to get your visa :

- Fill out your online visa application on France-Visas and upload your documents.
- Submit your passport and signed form in person at the collection center.
- Track your application online on the service provider's website.
- Collect your passport.
